Hand Knotted Persian Rugs

Handknotted Persian rugs are timeless masterpieces, celebrated worldwide for their exquisite craftsmanship and artistic beauty. Each rug is meticulously woven by skilled artisans who tie thousands-even millions-of individual knots by hand. This labor-intensive process can take months or even years, depending on the size and complexity of the design.

Hand Tufted Rugs

Hand Tufted rugs are a beautiful blend of craftsmanship and efficiency. Unlike hand-knotted rugs, which take months or even years to complete, hand tufted rugs are created using a tufting gun to punch strands of wool or other fibers into a stretched canvas.

Flat Weave

Flat weave rugs are handwoven rugs made without any pile, giving them a thin, lightweight, and versatile structure. Unlike tufted or knotted rugs, they are crafted by tightly interlacing warp and weft threads on a loom, creating a flat surface without raised fibers.
